

YumaCarb 250[®]

Maduramicin 1.5% & Nicarbazin 16%

Product from LIVISTO (Spain)

Healthcare Formulations Limited
Animal Health Division
Dhaka, Bangladesh

Feed Grade Coccidiostat

YumaCarb 250[®]

Animal Feed Premix

Maduramicin 1.5% & Nicarbazin 16%

Composition

Premix containing a combination of Maduramicin 1.5% and Nicarbazin 16%.

Indications For Use

As an aid in the prevention of coccidiosis caused by *Eimeria tenella*, *E. acervulina*, *E. maxima*, *E. necatrix*, *E. brunetti*, *E. mittis* and *E. praecox* in broiler chickens.

Contraindications

Dangerous for equines.

Do not mix with other coccidiostats.

This feedingstuff contains an ionophore: avoid simultaneous administration with tiamulin.

Poultry should not be treated with tiamulin for at least seven days before or after receiving feed with YumaCarb 250[®]

Mixing Instructions

For manufacturers of complete feedingstuff. To obtain a uniform distribution of the premix in finished feeds, incorporate YumaCarb 250[®] into a secondary premix prior to mixing it into the finished feed.

Do not feed undiluted to animals.

Clean all mixing equipment thoroughly before preparing other premixtures or feeds.

Safety Recommendations Regarding The Use

Irritating to skin and eyes. May cause respiratory irritation.

As with all medicated feedingstuffs, operators should wear protective clothing, gloves, dust masks and goggles when mixing or handling the product.

Do not eat, drink or smoke while handling the product. Do not breathe dust. Avoid contact with skin and eyes.

In case of contact with skin and eyes, wash with plenty of water. Seek medical advice if irritation persists.

Wash hands after use.

Feed Inclusion Levels

For prevention of coccidiosis in poultry: Mix 250 g of YumaCarb 250[®] per ton of feed to provide 40 ppm/3.75 ppm of Nicarbazin/Maduramicin activity in complete feeding stuff.

Other Provisions

Use prohibited at least 3 days before slaughter.

Store in the original container in a dry place at temperature up to 30°C.

Keep out of the reach of children.

Shelf Life

24 months

Pack Size

25 kg

For Veterinary use only
